

# Charitable Trust

Minoru Tanaka (Keio Univ.)

(1) For a long time, charity or philanthropy was held out by non profit corporation system in Civil Code (1896) in our country. But, recently, positive efforts were made to implement the charitable trust system in Trust Act (1922). And now we have 130 or more charitable trusts for various philanthropic activities. (See, No. 8, p.128)

(2) Some basic policies for amending on charitable trust

1. Prepare a custodian system as necessary for the Public.
2. Set up a careful supervision system by government (ex. cancel the permission, penal regulations).
3. Extend the application of Cy Pres doctrine.
